

# Squire Patton Boggs Receives 2020 Ipro eDiscovery Innovator Award, Law Firm

- Technology Innovator
- Most Innovative Use of Technology by a Large Law Firm
- Top Marks in 2020 Corporate Equality Index

Ipro Tech, LLC, a global leader in eDiscovery and Trial software technology, is pleased to announce the winners of the 2020 eDiscovery Innovator Awards, given during the annual Ipro Tech Show, hosted this year at Arizona State University's Sandra Day O'Connor College of Law.

This year's winner in the law firm category is Squire Patton Boggs, who for years now has received headlines in the popular press lauding them for *"Most Innovative Use of Technology by a Large Law Firm"* and giving *"Top Marks in 2020 on the Corporate Equality Index."*

As Dean Brown, Ipro CEO, stated at the award ceremony, *"It's this kind of entrepreneurial spirit coupled with an open, inclusive culture, favoring diversity that resonates so much in the industry, and for me is one of the many reasons I've enjoyed working with this group of people."*

The team from Squire Patton Boggs responded to the award by saying, *"First of all, we'd like to thank Ipro for all the work you help us through. Certainly, this type of recognition is not achieved without it. We would also like to say thanks to the entire team that has brought us this far. There are only ten of us servicing the entire globe, but we are efficient and effective, and we are afforded that opportunity because of the attorneys, the leadership, and the innovation committee at Squire that gives us the latitude and the ability to go and serve our clients as best we can."*

***Thank you to every one of our 4000+ customers for your innovative spirit and continued leadership in the eDiscovery industry.***
